

2024-25 TND Competition Information

*We are excited to announce our upcoming auditions for the 2024-25 Season! If you love to dance, perform, and are not opposed to hard work & commitment, we would love to see you at one of our auditions! Please read through all the info carefully. Feel free to email us with any questions. If you are new to TND, one parent and the dancer will be **REQUIRED** to meet with the director before participating in the audition. To be considered for one of our competition dance teams, dancers should be talented, committed, as well as a desire to perform and grow as a dancer.*

Our Competition Philosophy...

At TND our competition philosophy is based on positivity and growth! We want our dancers to focus on doing their personal BEST, not winning. We don't base our students' or studio's success on the number of Platinum awards or overall placements our dancers receive. For us, competition will always be about motivating, inspiring, and educating kids in a positive environment and not about comparison. At competition, dancers will receive constructive criticism from experienced, knowledgeable judges with different backgrounds, and we will use this feedback as a basis for improvement and growth! In the classroom is where the work is done. At the competition is where you showcase what you've learned. It's not a time for rehearsing choreography and trying to do the things that should have been done back in the classroom. The competition experience should be a pleasant one in which the dancer along with the parent can jointly enjoy.

While competing, dancers are also learning to respect other dancers, studios and teachers for their talents! The connections and opportunities that come from the competition dance experience are unmatched. For those dancers who may possibly pursue dance professionally or for those who strive to be successful in their future career path, competition dance builds self confidence and a strong work ethic. In addition it teaches kids how to be a "team player", deal with disappointment, and goal setting. These are life skills that we must learn to be successful in life. All Elite, Competition, and Apprentice Team dancers are required to perform in all TND performances.

Competition Teams:

Competition Teams are a select group of talented dancers chosen through audition and TND staff recommendations. Comp Team dancers will train and showcase their skills on the competition stage. Team dancers must make dance their extra-curricular priority and are willing to train multiple days per week, usually Mondays between 5-9 pm and/or Thursdays between 5-9 pm. The relationships developed with faculty and peers through competitive dance are unmatched by most sports and disciplines.

Placements:

COMPETITION TEAM placements will be based upon the audition results and the director/staff's recommendation. Placement is done according to skill level/technique, age, work ethic, and overall look of the Team. **Placements are not based according to age only! The age ranges above are just guidelines.** Different decisions and reasonings are used each year in the formation of Teams. It is possible for a 7th grader to be placed on the Junior, Teen, or Senior Team. Therefore, ability/skill level/technique will be the salient factor, followed by age. Previous year's performances, attitude, and class attendance DOES reflect in a student's final placement. When making placements, the director/TND Staff will also consider where the student will perform the best for themselves and the Team. Please trust that we will place your dancer on the appropriate Team for them to maximize their learning and be the most successful.

Audition Prep Class: Sat., June 8

Audition Prep Class is a great way to refine your skills or to get a feel for the studio BEFORE auditions, especially if you are new to TND. The class is \$15 and open to students who plan to audition for the ELITES or Competition Teams. Pre-registration via *Sign-Up Genius* is required. Sign-up via *Sign-Up Genius* and pre-pay by 6/8.

Dancers New to TND:

Dancers who are NOT currently enrolled with TND may audition for our ELITES, COMPETITION, and APPRENTICE Teams. However, these dancers, along with one of their parents, must attend an introductory meeting with the Director and Assistant Director before being cleared to audition. This will allow the new family to get a better feel for TND and our philosophy and for us to determine if TND would be a good fit for your family. Please email for more information.
